Tuesday

Dear Mayors

Very cheerful day again with  
us - rain all day - suppose the  
sun shines in your town.  
Spring time seems to arrive rather  
slowly in the Green Hills this  
time.

Am sure you are getting  
to be well acquainted with your  
Spring friends - and I am sure  
and things seem to have come  
to perhaps they are all good.

Our Home and Poultry the  
rich - not very strong tones  
- but both conservative places.  
Prop school in Poultry one

but never seems to have much  
time to visit the place.

Have not written Churchill about  
the Mayors of Montreal as  
yet - perhaps should do so  
and can the idea sell.

Not so very much to do  
tonight for the first time since  
I can remember - seems  
rather too strange to really  
do - should in from the  
opportunity and sleep.

By the way you will be getting  
financial letters from W & M  
soon - concerning for new  
"Memorial" Hall and new  
grand stand for Centennial Field  
game to have started. Going to  
start regular in comments  
apparently. The baseball  
coach also has some peculiar

Scheme on his mind about "rain  
insurance" to help make up  
loss for "rain cancelled" games.  
All the late improvements  
and a few new ones.

Dr. Burton has been  
made an advisor of some kind  
in connection with the "Hall  
of Fame" whatever that may  
mean. I think he is one of the  
nominating committee of that  
organization. Should write  
him for a job I guess.

I want to tell you of  
something else about Mayors  
the Third - and his intentions

service experiments. All by  
herself she stopped a train  
down at Eagle Bridge by so  
she could get to a meeting of  
some kind. Turned up a sad  
story to station agent and he  
apparently telegraphed for  
authority to flag the train.  
Assuming she will get  
by alright.

Hope everything is  
cheerful and much more.  
Have a good time.

Sincerely  
Vijay
